

Bradgate Wines Selection Sauvignon Blanc /Chenin Blanc

Stellenbosch
South Africa

88Points - Connect With Wine Jane Garvey

Winemaking The wine was tank-fermented using predominantly Vin 7 and Vin13 yeast to accentuate the fruit and flavors typical of these varieties. Selected tanks received extended lees contact to add richness to the blend.

Vinification: The grapes were harvested between the 10th February and 16th March 2009 from East- and South-facing 9– 21 year old vineyards, situated on red clay-loam granite soils.

Winemakers Comments: Tropical pear flavors of Chenin Blanc complement the green fig and green pepper intensity of grassy Sauvignon Blanc, balanced by a crisp, elegant finish.

About: Over a century has passed since Alfred Jordan settled in the Winelands of the Western Cape and named his family home Bradgate. Today, Bradgate Wines are produced by the Jordan Family from classic varieties grown in the Stellenbosch region. The Bradgate range combines the soft, accessible fruit of the New World with the elegance of Classic wine styles, ensuring well-structured wines with a complex concentration of fruit and flavor.
