

### **MERLOT 2006**

The seven Brutus sisters grew up in a small fishing village on the western coast of South Africa. Circumstances saw the sisters leave the tranquility of their homeland. Twenty years later, they came together to create fine wines. The wines, carefully selected to match the style and personality of each sister, celebrate their bond and devotion to one another...a fitting tribute to sisterhood indeed!

**PRODUCTION AREA - WESTERN CAPE, SOUTH AFRICA**
